### Requirement to Concur With or to Submit Information to Revise Reclamation Cost Estimate

On January 21, 2003 we received your request to extend notice UTU-075884. Your notice has been conditionally extended. In order to permanently extend the notice, §3809.333 requires that a financial guarantee be provided in an amount and in a form acceptable to the BLM. Our review of your Notice indicates that you plan to disturb up to five acres. Since your notice is rather vague, we will assume for reclamation cost estimation purposes that your operation will continue to mine back into the outcrop you opened up several years ago (see enclosed map) disturbing about four acres on the hillside (leaving a 45° degree highwall), and that one acre will be disturbed by the road, crusher site, and topsoil storage. Based on those assumptions, we have calculated a reclamation cost estimate of \$11,194 and are providing it to you for your review and comment. If you agree with our calculation, please submit written concurrence to us within 30 days of receipt of this decision. We will then issue another decision requiring you to submit a financial guarantee in that amount within 60 days of receipt of that decision.

If you would like to discuss the option of filing a financial guarantee for part of your operations (§3809.553) or, if you do not agree with our reclamation cost estimate, please contact this office. If we do not hear from you within 30 days of receipt of this decision,

your Notice will expire, and we will issue an order that you immediately cease all activity except reclamation.
